

Review Palco Mp3

Studio Sol

Palco MP3 is an application that gives you the opportunity to listen to your favorite independent singers from all over Brazil and also download their songs to your device. In this application, you will find songs from various genres and can stream them to your Android device as long as you have an Internet connection

Palco MP3 is a musical platform for Brazilian artists developed by Studio Sol, a Brazilian company also responsible for others such as Cifra Club and Letras.mus.br.

With the aim of being a space for Brazilian artists and bands to show their work, Palco MP3 increases musical productions. The platform offers the possibility of creating an artistic page to add new productions, photos, videos and concert schedules, providing a unique digital environment to which an audience reaches millions of Brazilians.

All the functions available in **Palco MP3** (desktop and application) are free, from registration to access to the pages, albums and songs of users, who download songs when the artist authorizes this type of action. It has more than 170 playlists organized by styles available to listen to, more than 114,000 registered creators and more than 1 million free songs to listen to.

Created on October 17, 2003, Palco MP3 was created with the aim of facilitating the diffusion of music by thousands of Brazilian artists who were beginning their careers and did not have an adequate space for it.

To do this, Studio Sol created a site that provided free space for them to promote their creations in mp3 format. As the site grew, the shares expanded so that they could enjoy and promote their own artistic career. Thus, the **Palco MP3** has become the digital platform that has a musical record of artists from all the states of the country.

Big names in the Brazilian market, in different styles, had the start of their careers outlined on the **Palco MP3**, such as Marília Mendonça, Simone and Simaria, Michel Teló, MC Kevinho, Naiara Azevedo, Aldair Playboy, Gustavo Mioto, Hungary Hip Hop, among others.

Google has already recognized the scope of the MP3 Stage app. It was the sixth most downloaded music application in the world on the **Google Play Store**, according to data from January 2012 to March 2016.

In January 2012 the **Palco MP3** application was launched, which today has compatibility with **Android** and **iOS** mobile devices. After downloading the application, users can search and listen to any song that is released, access information about registered musicians and follow the lyrics of the song that is playing.

In addition to this content that keeps fans informed about the artistic life of the more than 114,000 artists that comprise it, Blog **Palco MP3** offers tips on how to manage your career: what to do to take great photos, how to write a good launch, how songs work. copyright laws, such as increasing your internet audience, among many other tactics.

Palco MP3 is today one of the most popular platforms in the circle of independent authors, learn how to use it and get all the music you want legally on your mobile, it's very easy, just download it for free and start exploring to find small diamonds without discover.

Once you have the app on your device and are registered, you can search for what you want or you have the option in the main menu to investigate for all the radios and musical styles that it has. Once you find the one you want, choose it and it will send you to its own main page, each style has its own personalized and with its most prominent

artists on the cover.

If you already know the artist you want to see in **Palco MP3**, you can enter their name in the magnifying glass and find it quickly without having to be browsing the entire app. You can search by author, song or album.

On the personal page of each of the authors you will find all the relevant information and all the options you have, such as Download. There are several possibilities: that it is enabled and you can save the song you want on your device or that the artist has disabled this alternative, you can check this by the color in which the button appears.

If you are an artist or have a band, the registration and dissemination of the material is completely free. In order to enter your music you have to meet several criteria that are dictated by the brand itself. Palco MP3 is a showcase for creators and they have to make sure they have minimum requirements.

Pros	Cons
