### Pluto

Pluto TV is a free video on demand platform. It belongs to the CBS group which provides it with a wide variety of quality and varied content. You can buy its free mobile app as well as enjoy it on televisions or tablets. It has television series, movies and live channels

Would you like to **watch free movies**? Are you tired of paying subscriptions to different platforms to **watch series online**? Keep reading that we will tell you which is the best **free app to watch movies on the internet**.

Today we live in a time where the production of series, television programs and movies is enormous. The talks in offices, workplaces, meetings with friends and social networks are about what happened in the last episode of a famous series or how is the last movie of your favorite saga.

Access to this type of content can be expensive and complex. There are many well-known platforms and sites that offer extensive catalogs of audiovisual productions, but many of them are usually expensive. More or less the prices of the subscriptions are around \$ 6 or \$ 7 per month, depending on the app we are looking to access.

If you want to get a free application so you don't miss out on anything, you have to **download Pluto TV for free**. The platform is a free and legal video on demand service. You will not have to install anything else, or give dangerous permissions, or see misleading advertisements, none of that. The program is available for mobile devices that have Android and iOS operating systems. It also has a web platform and can be viewed on Smart televisions or tablets. Once you register an account with your username and password you can enter any terminal you prefer. Start watching a movie or episode of a series on one site and continue seamlessly on another.

One of the most important points is to **know what movies are on Pluto TV or what series to watch on Pluto TV**. Well, very well, this will not bring you any problems since the catalog is very wide, varied and has a wide variety of options to look at.

If you are one of the users who have a rather traditional consumption of audiovisuals, you will be able to access more than 250 live television channels. There is programming available for all topics such as news, music or sports. For movie fans, you can choose one of the more than 1000 movies that Pluto Tv has to offer. Whether it is a drama, a comedy, a police officer or a classic, everything is available in this original, simple and accessible proposal. There is content for both children and adults.

One of the advantages of Pluto TV is that its content is very varied. If you want to see the best series, you can also do it, as well as watch the most important news of the day in your country.

Pluto TV is part of one of the most important telecommunications companies in the world, ViacomCBS. The firm is a group of North American communications media that owns channels that are among the most important on television in that country and on the planet. Among them are Paramount Pictures, MTV, Nickelodeon, CBS and active in major South American signals.

The possibility of **using Pluto TV** for free is mainly due to the fact that it is owned by such a prominent firm as ViacomCBS. The quality of its content is guaranteed as well as the ability to offer it free of charge since it is not the only business that the media conglomerate has in its possession.

If you want to know on which devices to **use Pluto TV**, as it is free and open access, the platform can be used with practically all systems. These include: iphone, amazon fire TV, TV Plus, Philips, android, androidTV, Apple TV, and Roku.

In an age where the consumption of audiovisual productions continues to grow, the emergence of an alternative like Pluto TV is very important. Not only because it can offer quality content to many users but also because other important companies in the sector can imitate them by producing free applications. Although the catalog is not as large as Netflix or Amazon Prime can be, the content it offers is good, up-to-date and ensures hours and hours of entertainment.

Pluto TV is an experience that may pioneer a product that becomes more popular in the future. Try this app and enjoy the best movies and series wherever you want.
